What does AeSI stand for?

The move enables strategic growth of ABS' Mobility and ESS businesses with better alignment to market. Lake Orion, Michigan - September 11, 2023 - American Battery Solutions (ABS) announced today the spinout of its Energy Storage Solutions Division to create a new, independent company: American Energy Storage Innovations, Inc. (AeSI).

Is AeSI an independent company?

AeSI will operate as a fully independent company, enjoying the continued support and backing of ABS' long-standing investors, the KCK Group. With a vision of revolutionizing energy storage, AeSI is poised to take center stage in the global energy transition and is set to redefine the future of energy storage technology.

What makes AeSI different from other energy storage integrators?

AeSI designs and engineers all its energy storage products starting with the industry standard LFP cells upward, unlike integrators that buy modules and/or racks of modules from others and attempt to package them into a system, AeSI starts with the cells and designs the optimum system around them.

What does AeSI do?

AeSI will design, build and sell stationary storage systems for grid, distributed energy and vehicle charging systems.

What is AeSI TeraStor?

AeSI comprises highly experienced core team members who have developed five generations of large-scale BESS systems, heretofore having deployed more than 1.5 GWh worldwide. That same team has come together once again to create their magnum opus -- the all-in-one, ultra-high density TeraStor.
