266 Followers, 229 Following, 30 Posts - Afrisun Orchards (@afrisunorchardsltd) on Instagram: "Afrisun Orchards Ltd is a fruit export company, nestled in the heart of Nairobi Kenya, brings the vibrant flavors of our orchards to tables worldwide."

The Nepal Electricity Authority (NEA) is set to open financial proposals from 127 solar developers under competitive tariff-based bidding on October 22. The 127 developers are selected for setting up grid-connected Solar PV Power plants with proposals for 3,492.5 MW...

Nepal Innovation Center. Mahip KC; Problem. Our D-Lab team project is focused on developing a solar-powered cooking solution for Nepal. We were tasked with researching user needs in rural Nepal and constructing a prototype of a cooking system that would mitigate the highly lethal problem of indoor air pollution from wood-burning cooking fires.

VeraSol is a leading independent source for trusted product performance data on certified solar energy kits and off-grid appliances. Our product database allows users to quickly identify and compare hundreds of high-quality off-grid solar solutions on a single platform.

Elevate your energy potential with cutting-edge solar solutions from Nexon Impex. Our expert team specializes in delivering sustainable, cost-effective solar power systems tailored to your needs. Discover cleaner, greener energy options for ...

AFRISUN-HRCSA ® CREVICE PENETRANT SEALANT is a low VOC crevice penetrant which protects metal crevices against the formation of Crevice Corrosion, where corrosion always starts first. Spray all your industrial assets with the extender tube inserted into the actuator. Seal electrical infrastructure (de-energized during application), HVAC systems, heavy equipment, ...

Solar energy in Nepal presents a promising avenue to diversify the country's energy mix. Currently, Nepal's domestic electricity supply is almost entirely reliant on hydropower, which is susceptible to seasonal variations and ...

At Megawatt Solar Energy, we're committed to accelerating Nepal's transition to sustainable energy. Our expert team provides top-quality solar panel installations for homes, businesses, and rural communities across the country. Our Expertise

Last month, I had the privilege of helping to install a small, off-grid solar system in Nepal. The microgrid installation was located a day's drive into the Himalayas outside of Kathmandu. As we drove to the site location, I saw less and fewer lights until I saw the literal end of the electrical grid...and then we kept driving into the mountains.

Raskot Community Hospital, a not for-profit based in the remote Kalikot region of Nepal. It has been around for more than ten years and is going through a sustainability uplift program which involves implementation of a hybrid solar based power system which can provide clean and reliable energy to reduce reliance on diesel generators, improve power quality and reliability.
