

Angola lithium battery storage cabinet

Are there safety cabinets for lithium ion batteries?

There are safety cabinets that are used exclusively for the passive storage of batteries, as well as those that allow both the storage and charging of lithium-ion batteries. ION-LINE passive storage safety cabinets offer a standard 90-minute fire resistance rating both from the outside to the inside and vice versa.

What types of storage cabinets are available for lithium-ion batteries?

Various cabinet sizes and equipment variants are available for the safe storage of lithium-ion batteries. There are safety cabinets that are used exclusively for the passive storage of batteries, as well as those that allow both the storage and charging of lithium-ion batteries.

Are Asecos Ion-line lithium cabinets safe?

Discover the Asecos ION-LINE lithium cabinets for the safe storage and charging of lithium-ion batteries in a fire-protected environment. The ION-LINE cabinet models are specifically designed to meet the highest safety standards. They offer certified fire protection with a 90-minute fire resistance rating from the inside out and outside in.

Why should you use ion-line lithium cabinets?

This is particularly important where personnel may be unfamiliar with some batteries, such as lithium polymer batteries, that are in use. Discover the Asecos ION-LINE lithium cabinets for the safe storage and charging of lithium-ion batteries in a fire-protected environment.

Why do you need a lithium ion battery cabinet?

These cabinets effectively prevent a fire from spreading from the outside to the batteries stored inside. At the same time, the risk of a fire inside the cabinet caused by the lithium-ion batteries or accumulators is also minimised because spread to the surrounding area is prevented.

Are Ion-line Ultra cabinets safe?

The ION-LINE ULTRA is tested and certified in accordance with GS Principle EK5/AK4 22-01 for testing and certification of safety storage cabinets for active and passive storage of lithium-ion batteries. No matter what safety level you choose, all cabinets offer these key safety features:
