At the end of March, we installed a Smart Energy Solutions system. We have a significant reduction in gas usage since installing this system and it is saving us a fortune. The reduction in gas usage from September 2022 to September 2023 is almost half. Installing a Smart Energy Solution in our investment property means that we have reduced our ...

Smart Energy Solutions for Africa (SESA) is a collaborative project between the European Union and nine African countries (Ghana, Kenya, Malawi, Morocco, Namibia, Nigeria, Rwanda, South Africa and Tanzania) that aims to provide energy access technologies and business models that are easily replicable and generate local opportunities for economic development and ...

Thermax, with its integrated energy and environment solutions, is helping India unlock the energy potential of Bio-CNG, Green Hydrogen, coal gasification, waste-to-energy, and waste heat recovery. Enabling the energy transition calls for the collective efforts of stakeholders across multiple sectors.
