

Arduino sun sensor

I have a Nano ESP32 with two I2C sensors attached which delivers their measurements to an MQTT Broker. Recently, following a power cut the MQTT Broker became unavailable (it started up with a different IP address ...

Sensor Force (FSR) adalah jenis resistor yang tahanannya berubah saat diberi tekanan. Sensor ini cocok untuk mendeteksi seberapa kuat tekanan yang diberikan ke permukaan. Wiring dan Koneksi Sensor Force Gambar di bawah ...

Hi everyone! I'd like to share a platform we've been building called Telemetry Harbor - it's a lightweight, developer-friendly service to collect and visualize telemetry data ...

Arduino is an important device used in electronics engineering for creating mini-projects or for integrating large projects. Arduino itself consists of various components that can be programmed according to the project ...

Microcontroller: Arduino, Raspberry Pi, or similar device for controlling motor movement Light Sensor or Solar Positioning Sensor: To detect sun position Mounting Frame: Wood or metal ...

Bei der Spielleistung f#252;r DHT11/DHT22 Sensor#173;so#173;ren. Die Pin#173;be#173;le#173;gung kann sich von der hier gezeig#173;ten unter#173;schei#173;den. Ach#173;te auf die Beschrif#173;tung auf dem Sensor!

This sketch reads repeatedly from an analog input, calculating a running average and printing it to the computer. This example is useful for smoothing out the values from jumpy or erratic sensors, and also ...

Hello, I'm currently repurposing my old Kevin the Minion toy by dissecting it and inserting an Arduino R3 UNO, a HC-SR04 ultrasonic sensor for avoiding obstacles, a ULN2003 Motor Driver Board and a 28BYJ-48 Stepper ...

El sensor AS7331 mide radiaci#243;n ultravioleta en tres canales: UVA, UVB y UVC. La integraci#243;n con Arduino es sencilla gracias a la comunicaci#243;n I#178;C y la biblioteca SparkFun. Permite ...

Two Arduino UNO compatible boards (I use one Arduino UNO generic clone, and one Maduino UNO from Makerfabs, but any other will be just fine) Two Makerfabs LoRa Radio Shields (RFM98W 433MHz, or RFM95W 868MHz) Make sure ...
