The Ceiba Field is located in 600-800 m of water depth on the slope of the southern Rio Muni Basin approximately 35 km offshore. Oil production commenced in November 2000 [...]

O plano da Trident Energy na Guiné Equatorial não apenas gerou ganhos iniciais, mas também contempla anos de aumentos futuros de produção, eficazes em termos de custos. Panorama. Ceiba. Encontrado em 1999 pela Triton Energy; 2000: Primeiro barril oriundo de instalações submarinas produzido através da FPSO Sendje Ceiba;

Athos Energy Solutions (AES) stands at the forefront of energy optimization and sustainable power

Athos energy Equatorial Guinea

generation. With over two decades of collective experience and a portfolio of 100+ successful projects across 15 countries, we deliver innovative solutions that drive efficiency, reduce emissions, and shape the future of energy. ...

Equatorial Guinea: Energy intensity: how much energy does it use per unit of GDP? Click to open interactive version. Energy is a large contributor to CO₂ - the burning of fossil fuels accounts for around three-quarters of global greenhouse gas emissions. So, reducing energy consumption can inevitably help to reduce emissions.

Yes - our manufactured and refurbished parts are 100% interchangeable with OEM designs, and are designed to meet or exceed the OEM. As the OEM for Fiat and Mature Westinghouse gas turbines, we are able to leverage the process used to manufacture those parts as well as an OEM materials database to manufacture parts for other OEM frame types.
