Electric Light and Power Act; BL& P Renewable Energy Rider; Barbados FIT in the works; Barbados FIT Program Launched; Reducing upfront cost of solar; Residential solar PV case study; Does solar PV increase the value of my home? Resources

Solar Energy Innovations Inc. is in Emerald Park, Six Roads St. Philip in Barbados. The company was incorporated in November 2008 to develop solar photovoltaic solutions for the residential and commercial sectors in Barbados. It was founded by Mr. Allan Simmons of Simmons Electrical, who serves as chairman of the board.

The solar farm will consist of approximately 100, 400 solar PV panels mounted onto fixed-tilt racking with a maximum height of less than 2m. The development will also include a battery energy storage system (BESS) which will be able to store up to the full 40MW output of the solar farm for a period of up to 4 hours.

Below is a list of the major solar panel installers in Barbados, providing both residential and commercial solar PV installations. Before you obtain quotes, find out what questions to ask. #1 recommendation for residential solar PV ...
