How much copper is exported from the Democratic Republic of Congo?

Between 2020 and 2022, copper exports from the Democratic Republic of Congo surged by nearly 50%, climbing from 1.601 million tonnes in 2020 to 2.394 million tonnes in 2022, with intermediate figures of 1.797 million tonnes in 2021.

Why are there so many trade barriers in the Congo?

As is the case in much of the Congolese economy, most of the country's trade barriers result from complex regulations, a multiplicity of overlapping administrative agencies, and a frequent lack of capacity and control by officials responsible for regulatory enforcement. The DRC has multiple agencies with legal authority in trade matters.

How to enter the Congolese market?

The vast majority of consumer and finished goods are imported. Set up joint ventures: Many sectors require in-depth knowledge or expertise, capital, and market analysis that only a local partner can provide. Entering the Congolese market through a joint venture can be advantageous.
