

# Brazil camel energy

Where is camel energy located in 2024?

On June 5, 2024, Camel Energy GmbH (hereinafter referred to as "Camel Germany"), the European headquarter of Camel Group, was officially unveiled in Düsseldorf, Germany, marking a solid step forward in the globalization strategy of Camel Group. Many industry leaders and partners witnessed this important moment together.

How much energy does Brazil use?

In 2013, the Southeast used about 50% of the load of the National Integrated System (SIN), being the main energy consuming region in the country. The region's installed electricity generation capacity totaled almost 42,500 MW, which represented about a third of Brazil's generation capacity.

How much electricity does Brazil generate from fossil fuels?

Brazil generated 145,386 gigawatt-hours (GWh) of electricity from fossil fuels in the same year, accounting for 22% of total electricity generation. During periods of low water availability or high electricity demand, electricity from fossil fuels is frequently used to supplement hydroelectric power.

Why does Brazil have less coal than other fossil fuels?

The share of coal among fossil fuels has decreased from 25% in 2011 to 18% in 2021, reflecting efforts to transition to cleaner energy sources.<sup>59</sup> Brazil has a small number of oil-fired power plants that help to keep the electricity grid flexible and stable, accounting for 3.4% of total electricity generation.

Which sectors use the most energy in Brazil?

In Brazil, the industrial and transportation sectors use most of the energy. Crude oil and other petroleum liquids production contributes significantly to Brazil's total energy production, accounting for 54.0% of total energy production and 44.2% of total energy consumption in 2021 (Table 1).

Why did Xiangyang congratulate the unveiling of camel group's European headquarters?

Secretary Wang Jun warmly congratulated the unveiling of Camel Group's European headquarters, saying that this is an important milestone in the development of Camel and Xiangyang. He also praised Camel Group for its active move towards the world and encouraged Xiangyang enterprises to learn from its experience and explore the international market.
