Camco"s successful first close for its REPP 2 renewable energy fund marks an important step toward enhancing clean energy access across Sub-Saharan Africa. By leveraging blended finance and focusing on decentralized renewable projects, this initiative not only addresses pressing energy needs but also contributes to global climate goals.

Ben Hugues, REPP 2 director at Camco, said: "Africa"s energy transition is happening. It is critical to invest in the businesses building the African energy grid of the future, which is decentralised, renewable and reliable.
