

Cameroon lumos solar

Who is Lumos & why should you buy a solar home?

Lumos, a market leading provider of high-quality solar home systems, is revolutionising the African market with a reliable and clean power solution, accessible to everyone. There are currently close to 1 billion people in Africa with poor or no access to the electricity grid.

How does Lumos work?

Lumos replaces hazardous and expensive kerosene lanterns and generators with safe, clean and environmentally friendly solar power. Lumos' systems are easy to install and operate on an ongoing basis, making them accessible to everyone. Customers pay the affordable monthly instalment via their mobile phone.

Are Lumos solar panels made in USA?

All Lumos Solar products are proudly Made in the USA! Are Lumos Solar panels bifacial? Our GSX modules are made using bifacial cells, allowing the module to produce energy from both sides. Depending on the reflectance of the surface below, you can expect to see 10% -30% more energy production. What are Lumos SolarScape structures?

What are Lumos solar panels made of?

Our modular SolarScape structures are made from powder coated aluminum and can be configured to meet just about any project's requirements. SolarScapes are designed to work perfectly with our LSX & GSX Module Systems and are the most aesthetic mounting solutions available. How can I buy Lumos Solar panels and mounting systems?

How can I use Lumos solar panels?

Lumos LSX and GSX Module systems can be easily integrated into virtually any new or existing structure for use in carports, facades, awnings, canopies, or any structure you can imagine. Our SolarScape pre-engineered, pre-fabricated modular structures can be configured to fit any location.

Are Lumos LSX & GSX solar panels weatherproof?

Lumos LSX and GSX Module systems can be easily weatherproofed using a 3M specialty tape. Why are Lumos Solar panels the best solar panels available? Our LSX & GSX panels are both transparent glass allowing light to pass through the space in between the solar cells, creating beautiful dappled light.
