What is a Canadian Solar EP Cube?

The Canadian Solar EP Cube is a modular battery that can have up to six 3.3kWh modules connected together for 19.9kWh of storage capacity and 7.6kW of continuous backup power.

What residential storage solutions does Canadian Solar offer?

Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite. Discover Canadian Solar's Residential Storage Solutions: EP Cube and EP Cube Lite Join Canadian Solar for an in-depth exploration of their residential storage solutions, EP Cube and EP Cube Lite.

What kind of battery does a Canadian Solar EP Cube use?

Plus, the EP Cube is a lithium iron phosphate battery, which means the battery is safer and will last longer than other types of lithium-ion batteries. It can also be integrated with a gas-powered generator for an added layer of backup protection. Canadian Solar is offering an excellent warranty for its battery system.

Can I Retrofit my solar system to a Canadian Solar EP Cube?

You can retrofit any solar system to the Canadian Solar EP Cube for whole home battery backup. The Canadian Solar EP Cube offers customers the most advanced solar and battery inverter technology available. Request your free, no-obligation quote today.

How many kilowatts can a EP Cube store?

The EP Cube energy storage system can store up to 19.9 kilowatt-hours of energy, comes with an integrated inverter, and can be installed with or without solar. Let's take a closer look at everything Canadian Solar's EP Cube has to offer.

Does Canadian Solar offer a backup battery?

Canadian Solar offers the EP Cube Lite, which comes at a lower price point and does not have backup capabilities but is designed to maximize energy savings in areas with time of use rates. The EP Cube has an excellent battery warranty, with 80% capacity retention after 10 years or 6,000 cycles, whichever comes first.

The EP Cube hybrid inverter allows up to 16A per PV string current, and supports up to 4 MPPT connections, enabling greater PV panel connectivity so as to transform more solar energy into electricity for energy storage. EP Cube helps you store electricity from the grid when the price is lower, reducing costs and realizing automatic storage.

Canadian Solar has two versions of its battery system: the EP Cube and the EP Cube light. Both are modular batteries with built-in hybrid inverters that allow for easy integration with new and existing solar systems. The main differences between the EP Cube and the EP Cube Lite are that the EP Cube Lite has a smaller starting size of 6.6 kWh, a more compact gateway system ...
