

This source-grid-load-storage integrated project imposes stringent requirements for grid-forming energy storage solutions and represents a significant milestone in advancing ...

Introduces a flexible, open-source, microgrid green hydrogen storage simulation tool. Features electrical and thermal energy accounting and degradation forecasting. Benchmarks results ...

NTPC Green Energy (NGEL) has invited bids for the operation and maintenance (O& M) of a 160 MW solar project at Jetstar, Rajasthan for two months. Bids must be submitted by July 9, 2025.

Request a Free sample to learn more about this report. Microgrid Market Growth Factors Increasing Demand for Energy Resilience and Reliability to Drive Microgrid Market Growth Microgrids offer enhanced energy resilience ...

So this is then achieved by solving the generalization using the Gurobi [15, 16] software to obtain a 1-year scheduling and energy storage strategy. 2 Problem Formulation This section presents a comprehensive microgrid system model ...

The unprecedented growth of renewable energy is built on the foundation of evolving technology. There have been significant developments in innovation and adoption of solar module and cell ...

Offshore wind energy capacity additions reached 8 GW at the end of 2024, a 26% decrease from the previous year, according to a report by the Global Wind Energy Council. By the end of ...

Total global corporate funding for the solar sector dropped by 39% year-over-year (YoY) to \$10.8 billion in the first half (1H) of 2025 from \$17.6 billion, according to Mercom India's newly ...

Noida-based wind energy solutions company Inox Wind 's board of directors has approved raising INR12.5 billion (~\$145.16 million) through the issuance of equity shares worth INR10 (~\$0.12) per ...

Switzerland-headquartered solar solutions provider Candi Solar has raised \$24 million (~INR2.06 billion) from Norfund, STOA, and the Energy Entrepreneurs Growth Fund (EEGF) to fund new ...

From: Mercom Capital Group Clearway Energy Group, a developer and operator of clean energy projects, secured over \$1 billion in corporate credit funding, with Natixis Corporate and ...

Two rehabilitative and nursing healthcare facilities in Los Angeles County are contracting with a new microgrid development player to create on-site power and smart energy management ...

Capital microgrid energy storage

As the global shift toward clean energy accelerates, renewable energy companies are increasingly looking beyond traditional financing channels to fuel their growth. Among the most prominent trends in this evolving landscape is the rising use ...

The government will soon announce a utility-led program under the PM Surya Ghar: Muft Bijli Yojana to enable households without suitable rooftop space to benefit from the program, ...

As India accelerates the integration of renewable energy, the focus is shifting beyond solar module manufacturing to encompass a broader range of components critical for the sector's ...

Hazoor Multi Projects has secured a letter of award from Apollo Green Energy for the engineering, procurement, and construction (EPC) of a 200 MW solar power project at the Gujarat State ...

This hydrogen energy storage simulation model is constructed as a storage asset within the PRIMED open-source microgrid energy modelling code. This code can be used to assess the ...
