Swire's North American operations also continue to support the growing demand for improving standards in the Gulf of Mexico. Swire operates the largest rental fleet of DNV 2.7-1 certified containers and baskets in the world. This standard is recognised at a global level as having the highest regard to safety, quality and traceability.

Since Swire began its Brazilian operations in 2010, the company has invested more than £40 million (R\$120 million) in the region, which has included importing in excess of 3,000 units, infrastructure installation, a 60,000m2 land purchase in Imboassica on top of the significant investment in local recruitment.
