

CiberCuba è un media digitale cubano indipendente che informa sulla realtà di Cuba e dei cubani; la sua copertura include Cuba, Miami, Europa e il resto del mondo. Notizie, Esclusive, Interviste, Analisi, Opinioni e ...

The Trojan T-105 Plus 6V Flooded Battery is a deep-cycle lead-acid battery designed primarily for electric vehicles requiring sustained power delivery, including golf carts, low-speed industrial ...

Many users assume that all sub ohm510 batteries are pretty much the same, but my extensive testing proved otherwise. I've tried several, and what truly matters is the battery's power capacity, reliability, and build quality. The Samsung SLB ...

A young Cuban woman has become a viral sensation on TikTok after sharing a video in which she performs a song by Cuban reggaeton artist BebeShito. Despite her slightly off-key singing, her ...

Discover the seven essential performance metrics--capacity, power rating, efficiency, cycle life, cost, response time, and density--that define a high-performing Battery Energy Storage ...

"Trying to go viral from my country and without electricity," noted TikTok user @yaneisycanta_98 in a video that has rapidly gained popularity among Cuban social media users. In the clip, the ...

Given the rising importance of cost-effective solutions in battery research, this study employs an accessible testing approach using low-cost, sensor-equipped platforms that enable broader ...

Scientists at King Abdullah University of Science and Technology (KAUST) have uncovered a critical molecular cause keeping aqueous rechargeable batteries from becoming a safer, ...

Discover how the 12V lithium iron phosphate battery pack with long cycle life ensures enduring power across applications like solar storage, RV systems, and industrial energy. Learn its ...

LiFeYPO₄ Battery: The Emerging Star of High-Performance Lithium Batteries Compared to traditional LiFePO₄ batteries, LiFeYPO₄ batteries enhance conductivity, energy density, and ...

A new machine learning framework combines expert knowledge and Gaussian Process modeling to identify the most informative battery tests, enabling accurate predictions of battery energy ...

We report a liquid metal battery that achieves high capacity, low electrode costs, and strong cycling

Cuba battery performance

performance by replacing the traditional liquid positive electrode with solid particles.

These results were used to compare the performance of a conventional VFRT controller, based on the Cuban GC, with that of the proposed fuzzy controller. The results show that the fuzzy ...
