Will Elite solar build a solar manufacturing hub in Egypt?

EliTe Solar, a global manufacturer of PV cells and modules, has unveiled plans for a solar manufacturing hub in Egypt. The company announced the investment venture, worth over \$150 million, following discussions with Egypt's Prime Minister, the Chairman of the Suez Special Economic Zone, and the Chairman of Chinese conglomerate TEDA.

How does solar energy work in Egypt?

Solar photovoltaic (PV) energy or PV solar energy directly converts sunlight into electricity, using a technology based on the photovoltaic effect. The Egyptian solar PV market is segmented by deployment. By deployment, the market is segmented into on-grid and off-grid.

What is Egypt's energy industry?

The main sectors in this industry are oil, natural gas, hydro-power, and solar and wind power. Oil dominates Egypt's energy industry, with the country producing as much as 0.9 million barrels of oil each day. The proven oil reserves on which Egypt sits on are among the largest globally, estimated to be 3.7 billion barrels.

Why should Egypt invest in solar panels?

Egyptian officials emphasized the role of the facilities in supporting Egypt's renewable energy targets and economic development. JA Solar, a leading solar manufacturer, reported 57 GW in PV module shipments in 2023, with 37.6 GW shipped in the first three quarters of 2024 - half to overseas markets.

Where are solar panels located in Egypt?

On one of these large farms, in striking contrast to the ancient, wind-shaped sandstone in the background, solar panels stand in neat rows. Here at the center of the largest hyper-arid region on earth, KarmSolar, a three-year-old Egyptian solar energy start-up company, has built its headquarters.

Does Egypt have solar power?

Egypt's Solar Atlas states that Egypt is considered a "sun belt" country with 2,000 to 3,000 kWh/m<sup>2</sup>/year of direct solar radiation. The sun shines 9-11 hours a day from north to south, with few cloudy days. The first solar thermal power plant was built in 2011 in Kuraymat.
