since 2003, eway energy technology (wuhan) co., ltd. . has been serving customers in over 100 countries with a wide range of energy solutions tailored to meet the unique needs of diverse communities and industries worldwide. ...

Wuhan Eway Energy Technology Co., Ltd. is a leading China LiFePO4 manufacturer, supplier and exporter. Adhering to the pursuit of perfect quality of products, so that our LiFePO4 have been satisfied by many customers. Extreme design, quality raw materials, high performance and competitive price are what every customer wants, and that"s also what we can offer you.

?? Energy solutions for a sustainable future What We Do Eway Energy has been a professional manufacturer of energy systems for more than 16 years, 100% ensuring you reliable batteries and technical support.

The mutineers turning Bligh and some of the officers and crew adrift from HMS Bounty on 29 April 1789. Adamstown, the only settlement on the Islands. In 1790, nine of the mutineers from the British naval vessel HMS Bounty, along with the native Tahitian men and women who were with them (six men, 11 women, and a baby girl), settled on Pitcairn Island and set fire to the Bounty.

Photo credit: SPC/Adrien Lauranceau-Moineau Pitcairn Islands, a group of five islands with a total area of 47

km2 and which constitute one of the most remote archipelagos in the world, turn to safer, greener energies that best meet the needs of the population. Pitcairn"s authorities have launched a renewable energy project designed to replace fossil fuels with ...

The current Pitcairn Island dependency ratio (those under 18 and over 65 compared to the productive population) stands at 58 percent. The issue for Pitcairn Islands is that the ratio is trending in the wrong direction and by 2025 it will be over 100 percent. At this point there will be more pensioners than productive-age persons.

Discovery of Pitcairn Island . Captain Philip Carteret first spotted Pitcairn Island in 1767 but couldn"t land due to rough seas. He miscalculated its location, marking it miles away from its true position. Years later, Captain Cook showed some interest, but it wasn"t until the Bounty mutineers arrived in 1790 that the island gained attention.
