

Exergy group Palau

Who is exergy Orc?

Exergy ORC is a clean energy provider with operational headquarters in Milan. An innovative company helping sustainable energy transition.

Who is exergy Ltd?

Exergy Ltd is an environmental engineering and consultancy company delivering advanced solutions to facilitate the transition to the circular economy. We collaborate with our clients to help them achieve their sustainability goals.

Where is exergy located?

EXERGY's headquarters near Milan houses our manufacturing, engineering and operational functions. As the innovators behind Organic Rankine Cycle technologies, it was a logical step to locate our research and development team side by side with our manufacturing base.

What makes exergy unique?

EXERGY's proprietary technologies, covered by several patents, allow for highly efficient energy production via the exploitation of heat sources from geothermal, waste heat from industry, biomass and concentrated solar power. The EXERGY portfolio includes almost 500 MWe and the second largest geothermal binary fleet worldwide.

What is exergy doing now?

In 2019, Exergy charted a new course following its acquisition by Nanjing TICA Thermal Technology Co. Ltd. Through this new strategic alliance, Exergy is able to offer the global market a vast and competitive range of clean-technologies and green power generation solutions.

Who is exergy turbine Enerji Teknolojileri?

Led by Managing Director Celal Tugcu, EXERGY TURKEY TURBIN ENERJI TEKNOLOJILERI A.S. is dedicated to serving the local market. Based in the city of Izmir, the EXERGY factory is responsible for local manufacturing of the EXERGY Radial Outflow Turbine and plant component and houses EXERGY's local service team and equipment.

Enhance not replace. One of the common challenges experienced by our clients is how their numerous tools and software work together. Proteus is a cloud-based software that integrates with all your existing ERP and CRM systems and allows you to see all your data across all your project management systems in one place from project bidding through to invoicing.
