Who makes givenergy batteries?

GivEnergy is a UK-based company that specializes in the design and manufacture of energy storage systems. The company offers a range of lithium-ion batteries designed to be used in residential, commercial, and industrial settings. GivEnergy batteries are known for their high energy density, long cycle life, and excellent performance.

Is givenergy a good battery?

Positive reviews mention that the GivEnergy battery is easy to install and use. Customers have also reported that the battery has helped them save money on their electricity bills. Some customers praised the battery's reliability and durability. However, some negative reviews mention that the battery's performance deteriorates over time.

Who are givenergy?

GivEnergy are a British Owned Battery Storage Manufacturer with manufacturing/Research and Development facilities in the UK, Ireland, Australia and Shenzhen China (Shenzhen Givenergy Technology Co., Ltd) Our Team have a shared ethos of use less, save more. This isn't just financially.

Is givenergy a great British success story?

"GivEnergy is a Great British success story...absolutely leading edge, the vanguard. I'm bowled over by what they're doing." "The battery combined with the solar has been a revolution in how we manage our electricity. For about 9 months of the year the battery and the solar cover the whole of our daytime usage.

Why should you choose givenergy?

Take advantage of smart tariffs to charge your battery when cleaner, off-peak energy is flowing through the wires. Get full visibility on how much you're spending (and saving) Ready to be part of the clean energy revolution? "My experience with GivEnergy has been remarkable, and I wholeheartedly recommend them.

Which is better givenergy or Sonnen eco?

Sonnen eco is a German brand that offers home energy storage systems. It has a capacity of 10 kWh and can provide up to 4 kW of continuous power. In comparison, GivEnergy's battery has a smaller capacity of 5 kWh and can provide up to 3 kW of continuous power. However, GivEnergy's battery is significantly cheaper than Sonnen eco.

Brilliant support from the boys that monitor the FB pages of GivEnergy. Any time, any problem they're on it. Either setting or resetting, supporting and fixing user mistakes without question. So much commitment to their company, so interested in great service and their users. Great job GivEnergy employees!
