

Greenland jiawei solar

Who is Jiawei solar?

Jiawei was founded and became the first photovoltaic enterprise in China. Designed and mass-produced solar panels 60608, establishing a leading standard in the photovoltaic industry. Solar landscape lights were invented and mass-produced, entering mainstream sales channels in Europe and America in bulk.

What makes Jiawei a high-tech enterprise?

Gradually, it has developed into a comprehensive high-tech enterprise which integrates digital energy business and smart lighting business, covering the fields such as wind + solar + energy storage, virtual power plant, and comprehensive energy management. Jiawei was founded and became the first photovoltaic enterprise in China.

Who is Jiawei?

Since its establishment, Jiawei has concentrated on the development and production of solar landscape lighting products.

What makes Jiawei a good R&D company?

With a total area of up to 10,000 m² and an annual investment of hundreds of millions of dollars in R&D expenditure, the company has a domestically-led and internationally-advanced standard of R&D technology. Jiawei has nearly ten laboratories, R&D center workstations, and innovation bases, led by several national-level experts and scholars.

What is Jiawei R&D center?

Set up Vietnam factory and start mass production. Jiawei R&D Center sets R&D laboratory, testing center, industrial research institute, and innovation base, covering multiple functions such as R&D, production, testing, and project management.
