

Greenland vinci energies

Who is Vinci Energies?

VINCI Energies operates at the heart of the digital transformation to help businesses and organisations meet the challenges of this shift and to deliver customised, open, innovative, scalable and sustainable solutions to support their clients.

What makes Vinci energy a great company?

VINCI Energies has over 200 years of history and has grown over the years by acquiring various other companies to become a major player in the energy transition and the digital transformation. The people at the company come together to work towards shared values.

What is Vinci Energy's Building Solutions Network?

VINCI Energies' Building Solutions network operates throughout the building life cycle, combining engineering and works such as multi-technical maintenance and end-user services as part of facility management.

What are Vinci Energy Brands?

To promote its services and expertise, VINCI Energies has created four international brands focusing on four different business lines: Omexom for infrastructure, Actemium for industry, Axians for ICT and VINCI Facilities, along with local brands, for building solutions.

Why is Vinci a good company?

And because its projects are in the public interest, VINCI considers that reaching out to all its stakeholders and engaging in dialogue with them is essential in the conduct of our business activities. VINCI's goal is to create long-term value for its customers, shareholders, employees, and partners and for society at large.
