

Greensun solar Chad

Who is GreenSun solar?

Greensun has 15 years of experience in solar energy systems, a modern factory and an excellent team of engineers to provide customers with design and after-sales services for solar panels, solar power systems, and solar water pump systems.

What is GreenSun solar Powerwall?

Greensun Solar powerwall is an integrated lithium ion battery pack. It is very safe with adopting lithium iron phosphate battery technology. Powerwall battery system is widely used in home energy storage system (HESS) such as solar energy system, wind energy system, ups and also EPS, telecom.

What certifications does GreenSun have?

TUV, CE, IEC61215, UL, INMETRO, MSDS, ISO9001, etc Certificates. Greensun is a professional manufacturer of PV modules, Solar power system, solar water pumping system and Batteries. Greensun is committed to the production and research of solar home system, commercial solar power systems and solar plant, as well as solar water pumping systems.

What kind of batteries does GreenSun offer?

CE, ISO, MSDS certificates. Greensun can provide 12V 24V 48V 51.2V and high voltage lithium ion batteries. Mainly used in solar energy storage systems, ups energy storage systems, communication base stations, electric toys, etc. If playback doesn't begin shortly, try restarting your device.

Our experience with Greensun Solar Energy Tech Co. Ltd is negative. We ordered 3 types of solar panels from them, all of which are underperforming against labelled specifications. in some cases underperformance is only about 10%, but an entire batch of 200W panels actually had an output of 125-135W in reality. In spite

Solar installation increases the value of your home. By going solar, you add an appreciating asset to your property. In the same ways solar builds value in your own personal finances, it builds value in the eyes of people in the market for a home. Imagine shopping for a new home and finding one that had locked in its electricity rate back in 2000.
