

On this page, you can find energy storage related news from around the globe, our special print editions produced in partnership with Messe D&#252;sseldorf, and videos from the energy storage Europe ...

The Portuguese Government has greenlit a EUR70 million investment to support 17 pioneering hydrogen and renewable gas projects, reinforcing the country's ambitions in clean energy and ...

Austr&#225;lia A Origin Energy anunciou em Outubro que pretendia sair de um potencial projecto de desenvolvimento de hidrog&#233;nio no Hunter Valley Hydrogen Hub (HVHH) em Nova Gales do Sul.

A request for proposals from six qualified bidders interested in developing a 22.5 MW solar-plus-battery project is now live in the Cayman Islands. The project will be the islands' largest solar ...

Italy ranks among Europe's top battery storage markets, driven by its MACSE auctions, capacity market, and early merchant efforts. Competition is growing amid rising micro and macro ...

The final stage of development for the Coega Green Ammonia Project at Nelson Mandela Bay in the Eastern Cape commenced today with the release of the request for proposals (RfPs) to 15 ...

Iberdrola has initiated the environmental impact assessment (EIA) process for the Minh&#233;u Hydroelectric Power Project, a pumped storage facility with 1,320 MW of installed capacity. If ...

These findings highlight the critical role of surface structure and hydrogen coverage in modulating NH<sub>3</sub> decomposition kinetics, providing insights for optimizing Pt-based catalysts in NH<sub>3</sub> ...

Flexible connections, better optimization, and the need for better cooperation between parties for grid connections were all hot topics in the German-focused second session of the event.

British Solar Renewables reached financial close on 12-project solar portfolio with three co-located battery energy storage system (BESS) assets. The GBP 345 million financial package covers ...

The Spanish energy group Iberdrola has launched the environmental impact assessment (EIA) process for the Minh&#233;u Hydroelectric Power Project, a planned 1,320 MW pumped-storage ...

Nanyang Technological University researchers have milled solar panel glass waste for use in cathodes used in solid state lithium metal batteries. When used as a functional filler in solid ...

Montenegro has set a ceiling price of EUR65 (\$76.11)/MWh for its first solar auction, which will offer

# Hydrogen energy storage portugal

12-year contracts for difference (CfD) for up to 250 MW of capacity. The auction is scheduled ...

Around one-quarter of all new rooftop PV systems installed in Spain in 2024 included battery storage, underscoring continual growth in distributed energy, despite a decline in total installed ...

Portugal and Morocco are taking their long-standing relationship to the next level with a fresh strategic partnership that"s all about pushing the boundaries on green hydrogen, renewable ...
