

" Trina Storage offers a full-scope delivery framework from manufacturing to commissioning and a strong local team that understands Japan's regulatory and grid environment. We deeply ...

Google enters long-duration energy storage (LDES) with a global commercial partnership and investment in Energy Dome. Energy Dome's CO2 Battery stores clean energy for 8-24 hours, ...

, a global leader of integrated battery energy storage systems (BESS) solutions, has successfully deployed and commissioned its Elementa 2 BESS at two utility-scale power plants in Japan ...

The U.S.-EU trade deal of 2025 has emerged as a pivotal development for transatlantic commerce, reshaping the landscape for energy and industrial sectors. By slashing tariffs and ...

According to a latest report from market intelligence firm Clean Energy Associates (CEA), the U.S. energy storage system (ESS) battery manufacturing capacity is facing severe challenges. As ...

The global market for Aluminum-Plastic Film for Power Energy Storage Soft Pack Lithium Batteries is experiencing robust growth, projected to reach \$1448 million in 2025, expanding at ...

The sulfide-based solid electrolyte market is experiencing significant growth, driven by the increasing demand for safer and higher-performing batteries in electric vehicles (EVs) and ...

TOKYO, July 21, 2025 /PRNewswire/ -- Trina Storage, a global leader of integrated battery energy storage systems (BESS) solutions, has successfully deployed and commissioned its Elementa ...

The China Energy Investment Corporation (China Energy) on Friday put into use a mega carbon capture, utilization and storage (CCUS) facility in one of its subsidiary coal-fired ...

Japan's Strategic Role in Next-Gen Battery Development As the global mobility industry races toward electrification, Japan is emerging as a leader in advanced battery technologies. With ...

Trina Storage, a global leader of integrated battery energy storage systems (BESS) solutions, has successfully deployed and commissioned its Elementa 2 BESS at two utility-scale power ...

On July 22, Japanese heavy industry firm Kanadevia announced a partnership with Taiwan's Liang Lian Industries to jointly construct spherical liquefied CO2 storage tanks. The collaboration targets carbon storage projects in Southeast ...

Japan manufacturing energy storage

Bison Energy won three grid-scale battery storage projects in Japan's second long-term decarbonization auction (LTDA), including the largest awarded to date. The three projects total 197.8MW (derated), about 14% of ...

The porous silicon-based anode material market is experiencing robust growth, driven by the increasing demand for high-energy-density batteries in electric vehicles (EVs), portable ...

The energy storage flywheel market, currently valued at \$236 million in 2025, is projected to experience robust growth, driven by the increasing demand for reliable and efficient energy ...

Recently, GoodWe Japan's residential hybrid energy storage system successfully obtained certification from Japan Electrical Safety & Environment Technology Laboratories (JET), with ...
