

Rebecca Clarke, SVP Kenera, (KCA Deutag's technology and energy transition business), gives her thoughts and insights. It's my belief that women encounter numerous hurdles in the energy sector, particularly in achieving senior and technical roles where they are currently underrepresented, with only 32%^[1] of middle management roles held by ...

Creating the space to be brave - An equitable future for new energy. Helmerich & Payne announce agreement to acquire KCA Deutag; KCA Deutag appoints new SVP Kenera Urenco selects Kenera for Battery Energy Storage System; Equinor selects KCA Deutag's Kenera for major electrification project on Askepott rig

We are delighted to hear you're interested in our work. Our team will be in touch at their first convenience. In the meantime, please find information below about our products and services, the benefits we have brought to established companies and the ways in which we can help you realise the same outcomes.

The ceremony was held under the auspices of His Excellency Mohsin Bin Hamed Al Hadhrami, Undersecretary of the Ministry of Energy and Minerals, and took place where the rigs are being constructed at Kenera's International Drilling Technology Co. (IDTEC) facility located in Nizwa, Oman, which is the Group's in-country manufacturing and ...

KCA Deutag Group, of which Kenera is the newest division, has published its 2022 Sustainability Report as part of our commitment to transparency and sustainability. Our second annual Sustainability Report once again reports our sustainability performance and activities underpinned by our Culture of Care: Caring for our People; Caring for our ...

Kenera has developed tools to aid our crews and make procedural compliance a choice that people consciously take. Our innovations in this area support personnel in making the right choice with the right information and with the understanding that a course of action will affect not only their own safety, but the safety of others and the overall ...

The award will see Kenera custom-build a 10.3 Megawatt Hour (MWh) BESS that will optimise energy efficiency at Urenco's facility in Gronau, Germany, supporting a reduction in energy costs and carbon emissions. Urenco will utilise the system to help store electrical energy from an integrated solar farm at the plant to enable that power to be ...

Through our industry partnerships we are participating in the development of decentralised and containerised electrolyser solutions to support the production of green hydrogen. Our Battery Energy Storage System (BESS) is a power management solution enabling drill rigs to run efficiently with either fewer engines or lower engine loads to help ...
