History. Type G plugs and sockets started appearing in Britain in 1946 and the standard was first published in 1947. By the end of the 1950s, it had replaced the earlier type D and type M outlets (BS 546) in new installations in the UK, and by the end of the 1960s, most earlier installations had been rewired to the new standard.. Almost all of the UK's former ...
