Kyson Remote Controlled Solar Shed Light is ideal for illuminating outdoor buildings in an eco-friendly, efficient way. Having a classical and almost industrial look to it, it is stylish enough to be placed to add and highlight areas inside and underneath your pergola or inside of your Summer House, and of course, not forgetting the trusty garden Shed.

Currently, Skysun has expanded its portfolio to include a range of solar energy solutions. These span from the Skysun Solar Pollinator, a setup resembling a hammock designed to hover over flora benefiting from dappled sunlight, to comprehensive solar pergolas that dual-serve as sources of renewable energy and providers of shade.
