What is TNB renewables Sdn Bhd?

TNB Renewables Sdn Bhd is committed to accelerate the transition to sustainable energy in Malaysia and across Southeast Asia.

Will Tenaga Nasional Bhd invest RM22 billion for 2022-2024?

18 Nov 2021 Tenaga Nasional Bhd (TNB) plans to invest RM22 billion for 2022-2024 under the Incentive-Based Regulation (IBR) framework, subject to government approval, to continuously develop the grid of the future into a key enabler of the energy transition.

How will renewables impact Malaysia's future?

Renewables are expected to grow significantly, with Malaysia targeting 70% of its 2050 installed capacity. Advancements in storage technologies are making renewables more dispatchable.

Who is Tenaga Nasional Berhad?

Tenaga Nasional Berhad marks a significant milestone in its energy transition journey by establishing its inaugural Transition Finance Framework in September 2024, making it the first electricity utility player in ASEAN to do so.

Why does Tenaga Nasional have a sustainability report?

TNB, aligning with these sustainability reporting frameworks, ensures stakeholders gain a comprehensive understanding of its ESG performance, facilitating global comparability. Tenaga Nasional unveils its 2023 Sustainability Report, highlighting our sustainable performance, strategies, and initiatives for the year ending 31 December 2023.
