Hi @elf Victron is a truly global company with manufacturing taking place in many countries Slovenia, India, China, Malaysia, Hungary, Germany, Taiwan, the Netherlands etc. A true shame if you want to miss out on superb Victron products based on such preferences, but I respect it ... and good luck finding any product these days that does not contain a ...

Does anyone know if there is a comparison paper or chart for the BMV lineup? After getting the Raspberry Pi working with my current Victron Controllers I am considering switching from a Bogart Trimetric to the BMV to have that info included in VRM too.

For technical support, warranty claims and repairs, check our support pages or contact the local dealer where you purchased the product. They are happy to help, trained with the highest level of know-how and

Malaysia victronenergy com

responsible to provide you with support.

In order to help you further; could you send an email to sales@victronenergy with your name, serial number of the product and the Victron Energy dealer where you bought your product from? From there we try to help you the best we can.
