

After three months of tailored support from EnergyLab and New Energy Nexus, these founders now stand poised to accelerate the country's battery manufacturing capabilities - with ...

In the face of volatile energy pricing and grid instability, energy solutions specialist Aggreko is highlighting the potential for battery energy storage systems (BESS) and battery hybrids to help increase resilience and on-site efficiency. At ...

Google partners with CO2 Battery long-duration energy storage startup Energy Dome "21GWh of US ESS cell manufacturing capacity cancelled this year": Clean Energy Associates reports ...

Driven by the "Dual Carbon" goals, TCL--a benchmark of intelligent manufacturing in China--has taken the lead in breaking new ground. The 10MW/20MWh energy storage project, jointly ...

Energy storage and all other types of power projects (i.e., other than solar and wind) have until the end of 2033 to start construction to qualify for technology-neutral tax credits at the full rate. ...

On July 4, 2025, President Trump signed into law the One Big Beautiful Bill Act (the OBBB), which significantly rolls back many of the core tax incentives that clean energy projects have relied ...

ETC specializes in thermal storage, energetic efficiency, industrial wastes recovery high valuation and advanced materials characterization. Making 24/7 renewables a reality through Thermal Energy Storage. Harvest Thermal ...

In the face of volatile energy pricing and grid instability, energy solutions specialist Aggreko is highlighting the potential for battery energy storage systems (BESS) and battery hybrids to ...

Moment Energy announced that its Metro Vancouver, BC manufacturing hub is now in full-scale production, delivering its flagship battery energy storage systems (BESS) to serve a growing ...

Explore how ACE Battery leads in sustainable energy storage with green manufacturing, global certifications, and customized ESS built for long-term impact. As the global demand for clean ...

Energy Storage Solutions for Manufacturing Facilities In the industrial landscape, the quest for operational efficiency has become more essential than ever. Operations Directors in industrial ...

According to a latest report from market intelligence firm Clean Energy Associates (CEA), the U.S. energy
