Ginlong and LG Chem worked closely to ensure system security and stability through extensive modification and testing. LG Chem's multi-function battery management system and multi-level current protection technology improve safety, while Solis RHI's battery over-discharge protection and its current controls contribute to the stable operation of the combined ...

Ginlong (Solis) Technologies Co., Ltd Series onduleurs solaires S5-GC(25-40)K (France). Profile including images, details of certifications and manufacturer PDF ... ENF Solar est un répertoire de sociétés et de produits solaires. ...

I purchased a Ginlong GCI-2k wind inverter by mistake as the specs read that it can be used for both wind and solar. I have setup the power curve to match the pv panels I am using but I am getting about 75% efficiency. I want to know if it can be converted easily to work with solar. Also can anyone recommend an inexpensive 250 vdc watt meter ?
