

Masdar industrial alternative energy co Germany

Will Masdar & Iberdrola co-invest in Baltic Eagle offshore wind farm?

Masdar, the UAE's flagship renewable energy company, has signed a strategic agreement with Iberdrola, a global clean energy leader, to co-invest in the 476-megawatt (MW) Baltic Eagle offshore wind farm in the German Baltic Sea. Iberdrola will retain a majority 51% stake in the asset, which will help to accelerate green energy security in Europe.

Is Masdar a global offshore wind developer?

A decade ago, Masdar and its partners launched the 630MW London Array offshore wind farm, the world's largest at the time. Masdar's Global Offshore Wind Division is based in London and the company is pursuing a strategy of joining large-scale projects in the early stages to further strengthen its expertise as an offshore wind developer.

Who are Iberdrola & Masdar?

Today (5th December) at COP28 in Dubai, global green energy giants Iberdrola and Masdar announced a EUR15 billion strategic partnership agreement to evaluate the joint development of offshore wind and green hydrogen projects in key markets including Germany, UK and the USA.

Who is Masdar & why should you invest in offshore wind?

As one of the world's fastest-growing renewable energy companies, Masdar is committed to developing offshore wind energy. The company established a dedicated Global Offshore Wind business vertical in London which oversees the life cycle of projects from origination to development, operation and even asset management.

Who is Abu Dhabi future energy company (Masdar)?

Abu Dhabi Future Energy Company (Masdar) is the UAE's clean energy champion and one of the largest companies of its kind in the world, advancing the development and deployment of renewable energy and green hydrogen technologies to address global sustainability challenges.

Why is Masdar partnering with Iberdrola?

Today's EUR1.6 billion deal with Iberdrola marks a significant contribution towards that aim. The strategic partnership between Masdar and Iberdrola will help to advance Europe's ambitious offshore wind development targets. By joining forces, the two flagship clean energy companies will share knowledge and develop innovative solutions.
