All finance subject to status and credit checks. EOGB is a manufacturer and distributor of oil,gas and dual fuel burners including low NOx and low voltage variants for a range of applications,all manufactured to ISO international and quality standards.

Are eogb gas burners reliable?

They also offer high performance and reliabilitywhile being easy to maintain and user-friendly. The fully modulating Baltur industrial gas burners which EOGB supplies,such as those used at City of Bristol College,cover an output range from 50 kW right up to 45MW. Other gas burners in the range include single and two-stage variants.

Why should you choose eogb?

EOGB provided Baltur gas burners for the four boilers, in plant rooms on the building roof. By replacing older 2-stage burners with modern, fully-modulating versions, EOGB helped to increase the system's efficiency by around 30%, bringing savings on energy costs and significantly reducing emissions. Industrial Burners Supplied by EOGB
