

Macquarie Asset Management has closed its Macquarie European Infrastructure Debt Fund (MEID) with EUR1.2 billion (US\$1.4 billion) raised. An additional EUR2.3 billion (US\$2.67 billion) was ...

Power Available Now: Microgrid Design Integrating Behind the Meter, Grid Connection and Wind for Resilient AI Infrastructure with Substation and Switching Station on Site for Data Centers or ...

Six months after announcing plans to invest US\$500 billion in US AI infrastructure, the Stargate consortium, comprising Oracle, OpenAI, SoftBank, and Mubadala's MGX, has spent only a fraction of its initial pledge, raising ...

As power challenges impact Europe's AI data centre hotspots, adopting microgrid independent power can be a cleaner, greener and cheaper alternative to traditional grid connections, writes ...

North Macedonia's government has signed a Memorandum of Cooperation with Turkish power plant operator Aksa Energy for the construction of cogeneration gas power plants with a total capacity of 500 MW, in an investment worth up to ...

????? ?? ?????? ?? ??????? ??????? ?????? North Macedonia has Released a tender for Audit, Update And Supplementation Of The Existing Feasibility Study For Tsarev'S Ski Resort With A ...

CityFibre has secured a £2.3 billion (US\$3 billion) financing package to accelerate the expansion of its nationwide full fibre network, following agreements with shareholders and lenders.

China has begun building a submerged data centre off the coast of Shanghai, aiming to reduce electricity consumption and environmental impact by using seawater for cooling and offshore ...

Microgrids are introduced with an emphasis on their key features, operational flexibility, and challenges arising from power-electronics-based generation. The mathematical modeling of ...

Macedonia is entering a crucial phase of energy system transformation: the country is not only investing in the stability and modernization of its own grid, but has also become an active ...

Degradation modelling of specific hydrogen electrochemical components integrated into microgrid design enabling state of health changes of assets based on dynamic operation resulting from ...

Under the programme, the Development Bank of North Macedonia gives loans to local banks, and these banks offer small loans to car component manufacturers, waste management firms, food ...

With demand for digital services booming across Europe, industry leaders are calling for a radical shift in how data centres are treated. Moving beyond subsidies, executives from Digital Realty ...

APAC data centre platform Princeton Digital Group (PDG) has signed a definitive agreement with New York-based alternative investment firm Stonepeak for a US\$1.3 billion preferred equity ...

Off grid investment: New study reveals microgrid efficiency and cost benefits As power challenges impact Europe's AI data centre hotspots, adopting microgrid independent power can be a ...

This article presents a GIS-based approach to improve climate resilience, water security, and infrastructure planning in Wakhken, a hill village in Meghalaya's East Khasi Hills. Although the ...

It says it has over a gigawatt-hour of reusable batteries in its deployment pipeline and is already designing projects 100MW+ in size. The first deployment comes in the form of a ...

Microgrid design north macedonia
