We're sharing a 2-minute video on our pioneering work to make microgrids more efficient, reliable and secure. The TIGON project will soon be coming to an end. We've got a lot of information ...

The Resilient Minneapolis Project (RMP) is a collaborative effort between the City of Minneapolis and local utilities to enhance service in low-income communities by implementing microgrid ...

Looking out over the longer term, Renewvia has much more ambitious solar-storage microgrid development plans. It is in the process of raising capital to finance the first phase of its Africa Microgrid Initiative, which ...

(Editor's Note: This story originally posted July 2024. With the upcoming July 4 holiday celebrating our U.S. independence, we thought we would repost this to highlight growing American energy independence). Long ...

In 2022, we completed the first completely renewable, front-of-the-meter, multi-customer microgrid in California. This groundbreaking system at the Redwood Coast Airport is the model project for PG& E's Community Microgrid ...

Sonatrach and Eni signed a hydrocarbons production sharing contract to explore and develop Zemoul El Kbar in the Berkine basin 300 km east of Hassi Messaoud, Algeria. The scope of ...

Croatia's INA Industrija Nafte DD--a member of MOL Group--has completed a pilot confirming capability for production of sustainable aviation fuel (SAF) using existing equipment at the ...

European research has investigated innovative strategies for microgrid development, particularly in the integration of renewable energy sources and the promotion of community involvement 16.

The development of dimethyl ether (DME) technology for advanced microgrid design is in an early growth stage, with increasing market potential as the demand for clean energy solutions rises. ...

As a result, stability analysis and enhancement have become critical aspects of microgrid development, especially as DERs play a growing role in the transition toward sustainable and ...

These types of coordinated on-site power assets are not one size fits all and can be problematic throughout the project phase. What is the main part of microgrid development that is ...
