Our 100W Slimline panel is Ideal for charging 12V battery systems, or connect in series for high voltages .With its shingled cell design, our 100W solar panels have excellent shading tolerance ...

It has a much smaller battery capacity and looks a lot more like a solar panel than the four brick-style battery bank "solar panel" combos we tested. The Biolite 5+'s solar panel worked comparably as well as the other 5-watt solar panel we tested, the Goal Zero Nomad 5, but was less efficient overall.
