Johnson Matthey Battery Systems (JM Battery Systems) is a leading supplier of batteries for electric and hybrid vehicles, processing over 70 million cells a year. Part of the Johnson Matthey group, the organisation also manufactures batteries for e-bikes, power tools, and mobile technologies. The company has deployed SAP solutions at its

Discover our range of rack-mounted battery systems designed for maximum efficiency and space optimization. Ideal for data centers and industrial applications, providing reliable power storage. JM Energy Storage -- From consulting to project lifecycle services, the JM team has the specific expertise. JM; A BESS technology that allows safer and intelligent power system operations.

Thank you, JM Test for your quality services. I retired from a public utility company, but I found JM to be most accommodating to our needs at the utility. Since my retirement, I have joined my family business and continue to use many of the same services. As a small electric contractor, we often need recourses that can be found at JM Test.
