

Mozambique and Aiteo's refinery project will scale up to 240,000 barrels per day, making it one of the largest in the SADC region. The refinery will reduce fuel import dependence and support ...

Zenobe Energy is the largest independent owner and operator of battery storage in the UK. It buys and manages grid-scale batteries for its commercial customers, such as utilities and electric-vehicle operators.

MAPUTO, July 16, 2025 - TotalEnergies is reviving its USD 20-billion LNG project in Mozambique's Cabo Delgado province after the government declared conditions safe for operations to restart, Lusa reported on Monday. The ...

On July 23, Desay Battery, a prominent global supplier of energy storage solutions, held a major production launch event in Changsha, China. The occasion highlighted a new lineup of safety ...

The project will boost the plant's efficiency and increase its generating capacity by more than 4%. Since commencing operations in 1975, the 2,075MW Cahora Bassa plant on the Zambezi ...

In the face of volatile energy pricing and grid instability, energy solutions specialist Aggreko is highlighting the potential for battery energy storage systems (BESS) and battery hybrids to help increase resilience and on-site efficiency. At ...

Energy Storage Solutions for Manufacturing Facilities In the industrial landscape, the quest for operational efficiency has become more essential than ever. Operations Directors in industrial ...

Over 20 GWh of planned energy storage cell capacity for 2028 have been cancelled so far this year, according to the Q2 2025 reports on energy storage supply, technology, policy and ...

The 500Ah+ large energy storage battery cell technology is rapidly emerging, demanding significantly higher efficiency from thermal management systems. Liquid cooling plate design ...

(Bloomberg) -- Four years after terrorist attacks halted a massive liquefied natural gas project in Mozambique, momentum behind \$57 billion in facilities that will export the fuel is picking up. ...

Aluminum production at Mozal, the country's largest industrial plant, increased by 12% up to March compared to the same period last year, totaling 265,000 tons. This information is from a ...

Despite these improvements, Saranga acknowledged that difficulties remain, particularly with road and rail

Mozambique manufacturing energy storage

connectivity for out-of-gauge cargo, and navigating complex regulatory and permitting ...

The ongoing upgrade of China's equipment manufacturing industry is not only fueling the growth of domestic manufacturers, but also delivering energy-efficient, high-tech and competitively ...

The agreement underscores Mozambique's broader efforts to attract high-impact infrastructure investments, stimulate industrial growth, and create employment opportunities. For Aiteo, the ...

Hydrogen Storage NREL has unique capabilities to conduct megawatt-scale research on hydrogen generation, energy storage, power production, and distribution. Researchers focus on hydrogen storage material ...

Chaowei Group is a privately listed high-tech enterprise specializing in the R& D, manufacturing, and sales of power and energy storage batteries. Its products are widely used in the automotive, power storage and industrial sectors.

In a significant pivot towards energy self-reliance, Mozambique's government is set to take direct control of electricity supply to the massive Mozal aluminium smelter, signalling an end to its ...

LG Energy Solutions anticipates a slowdown in EV battery demand by 2026 due to changes in U.S. subsidy legislation and tariffs. The company plans to convert manufacturing capacity for ...
