What is Envision Energy's first wind turbine order in the Philippines?

Envision Energy achieves a significant milestone with its first-ever 162 MW wind turbine order in the Philippines.

Who is Envision Energy?

The groundbreaking contract, awarded by renewable energy pioneer Alternergy Holdings Corporation (Alternergy), offering 162 MW wind turbines for the Alabat and Tanay Wind Projects, marks the first venture into the Philippine market for Envision Energy, highlighting its commitment to advancing sustainable energy solutions worldwide.

What is the largest wind power contract in the Philippines?

Envision Energy has signed an agreement to supply 344.5MW wind turbines for the Quezon North Wind project, setting a record as the largest single wind power contract in the Philippines. Awarded by ACEN, the renewable energy platform of the Ayala Group, the agreement marks a significant step in the country's renewable energy sector.

Why is Envision Energy investing in smart control systems & data analytics?

Envision Energy's investment in intelligent control systems and data analytics will further enhance the operational efficiency of the Quezon North Wind power project. This aligns with the Philippines' broader mission to transition to a green economy, showcasing Envision's commitment to sustainable energy solutions.

What services does envision energy offer?

Envision Energy's agreement includes comprehensive lifecycle services such as the design, engineering, manufacturing and delivery of wind turbine generators with 150m towers.

Why is Envision Energy partnering with South Africa?

It also underscores our mutual commitment to advancing renewable energy and fostering sustainable development across Southeast Asia. Envision Energy has also secured an order to supply three battery energy storage systems for South Africa's Oasis 1 cluster of projects, totalling 257MW of capacity and 1,028 megawatt hours (MWh) of storage.
