

Poland added 637 MW of new photovoltaic (PV) capacity in the first quarter of 2025, taking total installations to nearly 22 GW, data from the Institute for Renewable Energy (IEO) showed. ...

Solar power is becoming an increasingly popular choice for Australians to begin generating renewable energy at home. Australia is also conveniently well-suited for solar energy thanks to its ample sunlight and wide ...

However, recent years have seen a gradual shift with increased investments in renewable energy sources. Wind power, particularly onshore wind farms, and solar energy are gaining momentum, contributing to a more diverse ...

As part of this year's renewable energy auction organized by the Polish Energy Regulatory Office (URE), VSB has secured a contract for difference (CfD) for a 303 megawatt-peak (MWp) solar park: the largest solar project in the history of ...

Poland has emerged as Europe's fastest-growing solar market in 2025, with photovoltaic capacity increasing by 48% year-on-year in the first quarter alone. The government's "My Electricity ...

Polish solar and wind project developer Pad Res has contracted around 160 MW of the capacity allocated for photovoltaics (PV) in Poland's July auctions for electricity from renewable sources.

The country's energy sector is dominated by big, state-owned or partially state-owned companies, like the oil corporation Orlen or Polska Grupa Energetyczna (PGE), an energy company that owns coal plants and mines. ...

Solar Energy utilises our natural sun resources to provide power. Our primary focus is utilisation of solar photovoltaic panels that convert the sunlight to directly produce an electrical current.

By News Bureau As part of this year's renewable energy auction organized by the Polish Energy Regulatory Office (URE), VSB has secured a contract for difference (CfD) for a 303 megawatt ...

Perth-based energy storage and off-grid power system specialist Magellan Power has launched a \$15 million funding round to boost its manufacturing capabilities and support a "significant ...

The total investment in the Shaoxing FinDreams power battery project is approximately RMB 13 billion, to be carried out in two phases. The project is dedicated to the intelligent manufacturing ...
