

Power energy solutions Chad

MAN Energy Solutions is also involved in the expansion of a power plant near Niger's national capital, Niamey. With 4 × MAN 18V48/60TS engines already in operation on-site, the addition of another engine of the same type will add another 20 MW to the power plant's total capacity, bringing it to a total of more than 100 MW.

Power & Energy Solutions provided extensive advice and support to get an alternative solution to our power supply situation. The advice was candid and professional whilst the installation experience was very well done and considerate to our home office situation. I value the continued service to monitor the system after installation and ...
