Agustín F. Carbó is the inaugural Director of the Puerto Rico Grid Recovery and Modernization Team. Led by the Department of Energy (DOE), the Puerto Rico Grid Recovery and Modernization Team will support Puerto Rico in rebuilding an electricity grid that is more resilient, more secure, and capable of supporting 100% clean electricity by 2050.

The project will generate power directly to Puerto Rico's grid and provide energy storage benefits necessary for Puerto Rico's goal of achieving 100% clean energy resources by 2050. **ECONOMIC IMPACT.** This project will support approximately 750 construction jobs and more than 50 full-time jobs once fully operational.
