Malick Karomschi, the president of the Muslim Organisation for Innovation in Central African Republic, an NGO that is well known among survivors and has a large network across the country, said he has registered 313 cases involving MINUSCA since 2014 - 307 peacekeepers and six civilian staff - but has only referred 43 to the mission because ...

Companies that deal with the processing of reeled materials require the best performance in the web tensioning. To optimize the production cycle, it is essential to use brakes and clutches that guarantee the process continuity and therefore an excellent quality of the semi-finished or finished product.. Renova offers a wide range of brakes and clutches, which includes innovative and ...

To meet social needs for decarbonization, we are expanding power generation capacity and diversifying power sources throughout the Asia-Pacific region, taking advantage of the expertise that we have been developing in solar, biomass, wind, and geothermal power generation in the feed-in tariff system in our Renewable Energy Power Generation Business.

The Central African Republic (RCA) suffers from pervasive insecurity and an absence of state authority in much of the country. A series of peace deals between the government and various armed groups have been repeatedly breached. Violent attacks against civilians, including sexual violence, are an acute risk in many areas. ...

Outbreak Response Advisor, Central African Republic International Business and Technical Consultants, Inc. (IBTCI) Updated: 2024-11-12T13:49:13Z. Humanitarian Access & Security Coordinator, Bangui, Central African Republic International Rescue Committee (IRC) Updated: 2024-11-12T04:47:34Z.

In May 2022, the government implemented a voluntary effort to repatriate 6,000 Central African refugees who fled to the Democratic Republic of the Congo as part of a tripartite agreement in 2019. A total of 218 persons, mainly from Cameroon and the Democratic Republic of the Congo, were returned between January and March. f.
