

Romania franklin wh

????????????????????Franklin Whole Home,????????? ...

So, what about the "WH" after Franklin? As shouldn't be a surprise, coming from a company focused on R& D, it's the brainchild of a bunch of tech geeks - our founders. "WH" initially stood for "watt-hour," using the unit of energy to reflect the company's mission of creating optimized home energy management systems.

With the FranklinWH app, homeowners can manage your Franklin Home Power (FHP) system anytime, anywhere. The FranklinWH app monitors your home electricity consumption 24 hours a day, tracking solar, grid, battery and generator supply and home consumption. It provides usage statistics for time periods including year, month and day.

We named our company in honor of the father of battery - Benjamin Franklin, who invented the term "battery," and made a tremendous contribution to our knowledge of electricity. So, what about the "WH" after ...
