

RÃ©union wattsonic battery

How long does wattsonic battery last?

Together with multi functions to make the battery more durable, Wattsonic battery can realize 10,000 cycles at 90% DOD and 1C/1C continual charge & discharge. We still have 10 years long standard warranty. Our after-sales person will gladly help you if you have any problems. IP65 protection. Wattsonic battery passed IP65 test.

Is wattsonic Li LV battery safe?

Low voltage safety connection. Wattsonic Li-LV series battery is a kind of low voltage battery, which means it will be relatively safer than the high voltage product. There is a large power fluctuation on battery charge/discharge.

How does wattsonic slow down the battery charging process?

But Wattsonic put great efforts in slowing down the process. Module level auto-balancing: While Charging: Charge the battery to the same level first, then continue to charge uniformly; while discharging, discharge the battery to the same level and then discharge it together. Extend user care and experience to next level.

Does wattsonic battery pass IP65 test?

Wattsonic battery passed IP65 test. Can be protected from total dust ingress. And protected from low pressure water jets from any direction. Superior LiFePO4 safety performance.

Wattsonic Li-HV Commercial Three Phase Hybrid ist eine kompakte Energiespeicherlösung für den gewerblichen oder professionellen Einsatz.
