

Salix energy Tuvalu

natural protection from wind and sunlight and creating a natural microclimate in places of human habitation. Elements of landscape design, decorative fences are made from the energy willow. Energy willow Vine is used in folk crafts.

SALIX Energy Delta Kft. / 2020. 2800 Tatabánya, Magyarország. Adatszám: 27922044-2-11: Cégjegyzékszám: 11 09 030604: A cég működik: Próbáljunk ki 7 napig INGYENESEN! Próbáljunk ki . Próbáljunk ki szolgálatunkat 7 napig INGYENESEN! ...

Green energy came in handy. One of the pioneers in the introduction of green energy, was the company "SALIX ENERGY", which since 2010 has been growing vines for the production of wood chips as a source of heat and electricity. In 2014, Salix Energy, in cooperation with Avanti-Development, built three biofuel boilers in the village of Ivanychi.
