Selco Manufacturing Corporation is a custom niche manufacturer of products used to build and maintain America's vital infrastructure. Selco provides AISC certified structural and miscellaneous steel fabrication and assembly capabilities, along with many electrical items to the construction, rail transit, electrical, highway, industrial and ...

The SELCO company history. SELCO has its origin in the Danish switchgear manufacturer Lauritz Knudsen A/S who in 1960 was the first in the world to protect a generator with robust, solid state electronics! In 1968 Lauritz Knudsen A/S merged with another major switchgear manufacturer, NES. Through the next decade the company was named LK-NES.

Selco origins date back over a hundred years to 1907 by building the 3rd Rail Transit Products for use with the original New York City Subway System. Selco Manufacturing services the construction, rail transit, electrical, highway, industrial and utility industries. What we do
