Where can I find a list of solar power plants in Slovenia?

Since 2007, the Slovenian Photovoltaic (PV) Portal has been providing information on solar energy in the Slovenian language. It is the only place where you can find a list of all solar power plants in Slovenia in one place, find basic information on the individual building blocks of solar power plants and find out about new developments.

What is the potential of photovoltaic energy in Slovenia?

Slovenia offers great potential for exploiting photovoltaic energy due to evenly spread solar irradiation. The first photovoltaic power plant in Slovenia was set up in 2001. At the end of 2017, 4,231 photovoltaic power plants had been installed in Slovenia with a total power of 267 MW.

Does Slovenia have solar power?

Per analysis published by the World Bank which considers natural features of a location such as altitude, humidity, cloud cover, and topography, Slovenia's solar PV potential is relatively low compared to global resources, but is comparable to that of other central and eastern European countries which lie north of the Alps.

Does Slovenia use oil to generate electricity?

Following steep declines in use since 1990, Slovenia eliminated the use of oil for generating electricity in 2019. Renewable energy sources other than hydropower (e.g., biofuels, solar PV, waste, and wind) together provided 3.5% of total electricity generation in 2019.

How much energy does Slovenia produce?

Slovenia generated 68.8% of its electricity with zero carbon or carbon neutral sources in 2019, dominated by nuclear power and hydroelectricity. Fossil fuels oil, coal, and natural gas contributed 61% of the total energy supply of Slovenia in 2019.

How many wind turbines are there in Slovenia?

A solar power plant with a capacity of 6MW opened in 2023 at Brezice, linked to the hydro power plant. Slovenia had just 2 wind turbines in 2022. Onshore wind energy potential for Slovenia is typical of central and eastern Europe.

Discover the charm of Las Palmas Subdivision, where affordability meets quality. Our townhouses are designed to provide exceptional value without compromising comfort or style and are strategically located in Sta. Maria Bulacan.
