

Solar inverter combo price Belize

Will Belize Electricity compensate you for excess solar energy?

The hope is that through regulations, Belize Electricity Ltd will have to compensate you for excess solar energy flowing to the grid during the day and off-set it against the electricity you are drawing from the grid at night; however, the reality today is the opposite.

Is a grid-tie Solar System a viable option?

If your monthly electricity bill exceeds BZD 500 and your energy consumption is mostly during the day, then adding a grid-tie solar system with or without battery back-up is more economically viable than going completely solar off-grid. Will my grid-tie solar system stay on during a grid outage?

Does SESB offer solar air conditioners?

With an SESB grid-tie solar system all your household appliances, including your air conditioner, are powered by solar during the day. SESB does not provide solar powered air conditioners. Will it make sense to disconnect from BEL grid and go completely solar off-grid?
