The introduction of PV is therefore done in its own unique way. Over the past 10 years, the sale of solar kits - for example in the form of a 15-watt peak solar panel, battery, and LED lamp - has become big business. But that market is now quite saturated according to Boldewijn Sloet, chief executive officer at SolarNow.

SolarNow sells high quality European standards solar energy solutions in Uganda and Kenya. We offer our solutions to residential, commercial & industrial customers with warranty, installation and 2 years service to our clients. Clients can opt to pay the products in monthly installments.
